

The 15th **Bioshares** Biotech Summit 2019

July 26-27, 2019 · Queenstown · New Zealand

The Essential Australian Biotech Investment Event

We invite you to attend the 15th Bioshares Biotech Summit, in Queenstown, New Zealand, on 26 - 27 July, 2019. The Summit is a key event for Australian and New Zealand biotech investors. It brings together biotech company decision makers with investment managers and advisors in the picturesque Queenstown on New Zealand's South Island.

The Navigation Challenge

The last 12 months has been challenging for many biotechs. But some companies, such as Nanosonics and Clinuvel Pharmaceuticals, have successfully navigated commercialisation challenges. These two companies have shown that profitable, billion dollar businesses can be created, regardless of device or drug orientation. Volpara Health Technologies has made compelling progress over the year in changing the way breast cancer screening is conducted across the globe.

A theme for the Summit this year will be competition. Investors will hear speakers discuss competing products and approaches, barriers to market entry they can create or strategies being developed to step around these obstacles.

A number of companies presenting are approaching key development milestones, including readouts from clinical studies and execution of licensing deals or asset sales. The Summit offers a very timely opportunity for investors to hear about progress made by these companies. Other companies presenting have had to adjust business plans over the year and will discuss progress made against these adjustments and the path forward to value creation for shareholders. Attendees will also be able to hear presentations from several biotechs which have recently debuted on the ASX, as well as potential IPO prospects.

Venue Changes

We have made changes to the venue for the event to offer a different experience, making use of some of the area's best attractions and facilities. Some aspects of the Summit will stay the same, including the very popular biotech CEO dinner held on the Thursday night before the Summit (25 July).

This year the principal venue for the Summit will be Millbrook Country Resort, 25 minutes out of Queenstown. The session venues will be shared between Skyline (Friday) and Millbrook (Saturday). Attendees can choose to stay at Millbrook (with a discounted rate secured) or in Queenstown, with shuttle buses provided. (See our website for accommodation details.) The Friday Night Cocktail Reception will be held at Millbrook, and the Saturday Night Dinner will be held at Walter Peak via the TSS Earnslaw.

Sponsors

We gratefully acknowledge the support of this year's event from our sponsors: consulting group **Vestech**, which specialises in medical device innovation, quality management systems and regulatory compliance; law firm **Piper Alderman**, which has been a long-standing sponsor of the event; biotech group **Telix Pharmaceuticals**; **FPA Patent Attorneys** and the **ASX**. If you would like to increase your company's visibility in this sector, then please contact us about sponsorship opportunities.
