*Delivering independent investment research to investors on  
Australian biotech, pharma and healthcare companies.*

## **The Bioshares Advantage**

Bioshares is an investment report tailored to needs of biotech and healthcare investors.  
It is delivered electronically each week. That means **you are kept up to date.**

Bioshares is not wishy-washy. We are independent. We tell investors whether to buy, sell or hold a stock. You're not left confused by new-fangled broker gobbledegook. You get our opinion, delivered fairly and squarely.

You get the **best written, most readable, most consistent** biotech research produced in Australia.

Can you get more coverage of biotech and healthcare stocks than in Bioshares? We don't think so.  
**Bioshares covers around 70 of the 125 companies** in the sector.

Bioshares doesn't paint itself into a corner when it comes to biotech investing.  
What happens? **We educate. We inform. You learn. You stay ahead. You make money.**  
We aim to get you in and out of stocks before the crowd comes along.
